# San Miguel Authority for Regional Transportation Board of Directors Meeting November 14th, 2024 Regular Meeting Virtual meeting minutes

Member Directors Present: San Miguel County – Anne Brown. Town of Telluride – J. Meehan Fee, Asheley Story Von Spreecken. Town of Mountain Village – Harvey Mogenson, Tucker Magid. Town of Rico – Joe Dillsworth.

Staff Present: David Averill, Kari Distefano, (SMART).

Others: Kelly Kronenberg (Telluride Express), Kim Bolling (Telluride Express)

The meeting was called to order at 3:01 p.m.

#### **Item 1: Public Comment**

No public comment was offered.

Item 2: Resolution 2024-18, Part 1a, regarding the Review and Approval of the November 14th, 2024 Agenda and Consent Items and Part 1b, regarding the Review and Approval of October 10th, 2024 Meeting Minutes.

Meehan Fee moved to adopt Resolution 2024-18, parts 1a and 1b Harvey Mogenson seconded the motion.

A unanimous vote approved the motion.

### **Item 3: Ballot Question 3A Debrief**

A brief discussion took place regarding next steps after the passage of Ballot Question 3A. No concerns were expressed by the Board.

### <u>Item 4</u>: Strategic Operating Plan Update – Fare Policy Discussion

Kari Distefano initiated a discussion about restructuring SMART's fare policy. She referenced an earlier analysis by Fehr and Peers that evaluated SMART's current fare structure and proposed changes to improve consistency. Distefano reminded the Board that any fare increases would need to be in whole-dollar increments since drivers have limited ability to make change. Board members inquired about the possibility of implementing a cashless payment app. Distefano agreed to research the feasibility of this option. David Averill noted that the cost of a cashless app would need to be considered, as such technology can be expensive.

The Board agreed to make routes within the SMART district (Rico and Down Valley) free, potentially starting on December 1, since budget projections for the year have already been met.

The Board also discussed fares for the proposed Montrose route. Questions were raised about potential farebox recovery if the fare were set at \$4.00 per trip. Meehan Fee asked if the City of Montrose was being asked to contribute to the route's cost. The response indicated that, at this stage, staff was

focused on obtaining permission to operate within the city rather than seeking financial contributions. The discussion then shifted to the treatment of riders from Norwood, Nucla, Naturita, and Redvale. Norwood contributes to SMART through the RETA, while Nucla, Naturita, and Redvale are part of Montrose County and do not contribute. The Board agreed that instead of assigning arbitrary fare amounts for the Montrose route and services to Norwood, Nucla, Naturita, and Redvale, they should first determine an appropriate level of subsidy for out-of-district riders. Staff was directed to conduct an analysis of potential subsidies to guide this decision.

#### Item 5: FY25 preliminary budget scenarios discussion

Averill presented the final DRAFT FY25 budget sand capital plan incorporating the revenue assumptions and other items discussed at the October meeting and accounting for the 3A vote revenues. The final DRAFT FY25 budget reflected new contract rates, the potential for a .5 FTE additional staff member, and special projects. Very little discussion took place with no significant questions. The Board did instruct that the .5 FTE should be raised to 1 FTE and a financial or business manager should be hired in FY25.

### Item 6: 3<sup>rd</sup> Quarter 2024 Performance Report

Distefano presented the 3<sup>rd</sup> Quarter 2024 Performance Report. No significant questions or concerns were raised by the Board.

### **Item 7: November 2024 Operations Report**

Distefano presented the October '24 Operations Report. No significant questions or concerns were raised by the Board.

#### **Item 8: Executive Directors Report**

**Item 9: Executive Session:** At 4:05 p.m. the Board entered an Executive Session pursuant to C.R.S. 24-6-402 4(a) and 4(e) (I),(Open Meetings Law) and Sections 6.09 (a) (1) and (a) (5) of the SMART Bylaws for the purpose of: determining positions that may be subject to negotiations, developing strategy for negotiations and instructing negotiators.

The Executive Session was closed at 4:15 p.m.

#### **Item 10: Round Table Updates and Reports**

No updates or reports were offered.

The meeting was adjourned at 4:13 p.m.

# AGENDA ITEM SUMMARY (AIS)

### San Miguel Authority for Regional Transportation

MEETING DATE: December 12th, 2024

**AGENDA ITEM: 3** 

ACTION REQUESTED: Adoption of Resolution 2024-21, FY25 Mill Levy Certifications

SUBMITTED BY: D. Averill

BACKGROUND INFORMATION/KEY POINTS: All property taxing entities are required to certify their mill levy and county-assessed valuations on an annual basis. Part of this exercise is to estimate the amount of tax revenues that will be received and identify (at a high level) how those revenues will be spent. Certification of the mill levy and assessed valuations at this meeting will ensure that SMART meets the filing deadline with the State of Colorado.

COMMITTEE DISCUSSION: NA

SUPPORTING INFORMATION: NA

FISCAL IMPACT: Certification of the mill Levy before the statutory deadline ensures that property taxes will be collected in a timely manner and at the same rate in the coming year. Failure to do so could result in a loss of revenue.

**ADVANTAGES: NA** 

**DISADVANTAGES: NA** 

ANALYSIS/RECOMMENDATION: Staff recommends that the Board certify the mill levy and assessed valuations for San Miguel and Dolores Counties, for Fiscal Year 2025.

### ATTACHMENTS:

Attachment A: CDOR Form DLG 70 for San Miguel County for FY25

Attachment B: Certification of Valuation to the San Miguel County Assessor

# A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SAN MIGUEL AUTHORITY FOR REGIONAL TRANSPORTATION CERTIFYING THE VOTER APPROVED SAN MIGUEL COUNTY AND DOLORES COUNTY PROPERTY TAX MILL LEVIES FOR THE BUDGET YEAR 2025

#### **RESOLUTION NO. 2024-21**

**WHEREAS**, the San Miguel Authority for Regional Transportation ("SMART") was approved by the registered electors of the Town of Telluride, Town of Mountain Village, the Town of Rico, and that portion of unincorporated San Miguel County located within the SMART boundaries, pursuant to the Colorado Regional Transportation Authority Law, C.R.S Title 43, Article 4, Part 6, and;

**WHEREAS**, SMART is governed by the Colorado Regional Transportation Authority Law and the SMART Intergovernmental Agreement ("SMART IGA"), as amended, approved by each of the governing bodies of the Town of Telluride, Town of Mountain Village, Town of Rico and San Miguel County, and;

WHEREAS, the Board has reviewed and approved the Department of Local Affairs Form DLG-70 Certification of the Tax Levies for San Miguel County, herein Exhibit A, and the corresponding Certification of Valuation by the San Miguel County Assessor dated November 27th, 2024, herein Exhibit B;

**WHEREAS**, the Board has reviewed and approved the Department of Local Affairs Form DLG-70 Certification of the Tax Levies for Dolores County, herein Exhibit C, and the corresponding Certification of Valuation by the Dolores County Assessor dated November 19th, 2024, herein Exhibit D;

**WHEREAS**, the Board desires to take action and set forth these Certifications in accordance with 39-5-128(1) C.R.S.

**NOW THEREFORE, BE IT RESOLVED**, by the Board of Directors of the San Miguel Authority for Regional Transportation:

- 1. THAT, for the purpose of meeting general operating expenses of SMART during the 2025 budget year, there is hereby levied a tax of 2.086 mills upon each dollar of total valuation for assessment of all taxable property within the boundaries of the San Miguel Authority for Regional Transportation for the year 2025 generating approximately \$2,554,875 in revenue, and
- **2. THAT**, the Board of Directors for the San Miguel Authority for Regional Transportation are hereby authorized to certify to the County Commissioners of San Miguel County and Dolores County, Colorado the mill levy for the San Miguel Authority for Regional Transportation as herein determined.

ADOPTED AND APPROVED BY THE BOARD OF DIRECTORS OF THE SAN MIGUEL AUTHORITY FOR REGIONAL TRANSPORTATION AT A REGULAR PUBLIC MEETING THIS 12<sup>TH</sup> DAY OF DECEMBER 2024.

## AGENDA ITEM SUMMARY (AIS)

MEETING DATE: December 12th, 2024

**AGENDA ITEM: 4** 

ACTION REQUESTED: Adoption of Resolution 2024-22, 2025 Budget and Capital Plan

Adoption and Spending Resolution

SUBMITTED BY: D.Averill

### **BACKGROUND INFORMATION/KEY POINTS:**

This is an action item intended for the Board to approve, adopt, and appropriate funding for the recommended FY25 Budget and 2025-2029 Capital Plan developed by staff in response to guidance given at the September 5<sup>th</sup>, October 10<sup>th</sup>, and November 14th Board meetings.

At its September 5<sup>th</sup> 2024 meeting the Board discussed 2025 revenue assumptions and other items in the context of developing draft budget scenarios. At the October meeting the Board reviewed two budget scenarios since the outcome of the 3A vote wouldn't be known until early November. At the November 14<sup>th</sup> 2024, meeting the Board discussed the final draft scenario presented by staff. Based on the guidance and discussion at these previous meetings, staff is now presenting the recommended FY25 budget and capital plan for formal adoption.

### The Recommended FY25 budget includes:

- An additional 1.0 FTE
- An elimination of fares for the Down Valley and Rico routes
- An assumed increase in total sales tax revenue of \$4,596,350 over the "base" FY24 budget, commensurate with the voter approved amounts and estimates in the ballot question;
- An assumed increase in property tax revenue of \$1,645,583 over the "base" FY24 budget, commensurate with the voter approved amounts and estimates in the ballot question;
- An assumption that lodging tax revenue will equate to \$1,983,407, commensurate with the voter approved amounts and estimates in the ballot question;
- An assumption that RETA revenue will be \$200,000 in FY25
- Updated cost estimates for operations by route that are reflective of current Contract rates;
- a service expansion pool of \$575k
- anticipated additional costs for fuel and maintenance assuming some level of service expansion takes place in FY25.

### Capital Plan:

Staff is also recommending the attached capital plan based on current reserves, identified projects, and a proposed bus replacement schedule through 2029.

As the gondola planning process continues, we will develop a separate capital plan both for the ongoing maintenance needs post- 2027, as well as the overall gondola rebuild project. I assume that any dedicated gondola revenue in FY25 will be reserved for capital, since we have no need to aggregate funding for the 90-day operating reserve (estimated to be \$1.8m) until FY27 so that that is in place on 1/1/2028.

COMMITTEE DISCUSSION: NA

SUPPORTING INFORMATION: NA

FISCAL IMPACT: The recommended 2025 Budget and Capital Plan, while expanding service and accounting for increased costs, would see SMART finishing FY2025 "in the black" and would not negatively impact SMARTs cash flow or deplete our reserve balances.

ADVANTAGES: NA

DISADVANTAGES: NA

ANALYSIS/RECOMMENDATION: None at this time.

# AGENDA ITEM SUMMARY (AIS)

### San Miguel Authority for Regional Transportation

MEETING DATE: December 12th, 2024

**AGENDA ITEM: 6** 

ACTION REQUESTED: Adoption of Resolution 2024-24 - Election of Board Officers for 2025

and 2026

SUBMITTED BY: D. Averill

BACKGROUND INFORMATION/KEY POINTS: As stipulated in the governing IGA for SMART, the Board is required to Elect Officers (Board Chair, Vice Chair, Treasurer, and Secretary). Traditionally, SMART Board Officer positions have rotated to the different jurisdictions every two years. Other Board Officer positions have rotated as well. To be clear, there is no stipulation in the governing IGA regarding the length of term that Board Officers serve. It has simply been SMARTS tradition that Board Officer terms are for two years.

Currently the Town of Rico holds the Chair position, the Town of Mountain Village holds the Vice Chair position, the Town of Telluride Holds the Treasurer position, and San Miguel County holds the Board Secretary Position. If the Board elected to follow past practice and the order of rotation to the Chair position, the incoming Chair would be from Mountain Village, the incoming Vice Chair would come from Telluride, the County would hold the Treasurer position, and Rico would rotate to the Secretary position.

COMMITTEE DISCUSSION: NA

SUPPORTING INFORMATION: NA

FISCAL IMPACT: No fiscal impact is anticipated with this action.

ADVANTAGES: Rotating the Officer Positions appears to have served SMART well over the years and is seen as an equitable way for different jurisdictions to share in the responsibility of holding Board Officer positions.

**DISADVANTAGES:** None noted.

ANALYSIS/RECOMMENDATION: None at this time.

# AGENDA ITEM SUMMARY (AIS)

### San Miguel Authority for Regional Transportation

MEETING DATE: December 12<sup>th</sup>, 2024

AGENDA ITEM: 8

ACTION REQUESTED: Report

SUBMITTED BY: Kari Distefano

### BACKGROUND INFORMATION/KEY POINTS:

### **Background Information:**

At the November meeting, the SMART Board requested an analysis of current transportation subsidies for routes serving the out of district riders.

### **Key Points:**

I analyzed 2023 ridership data to determine the percentage of riders from Montrose County, San Miguel County beyond SMART district boundaries and San Miguel County within the SMART district. I used that information as well as fare intake records to calculate taxpayer subsidy levels for each route.

I used the following assumptions for future subsidy estimates:

- The percentage of ridership on Nucla/Naturita and Norwood routes from various locations will remain consistent.
- The proposed Montrose bus will operate at 60% capacity.
- There will be no fare differentiation for out-of-county riders based on travel distance; Montrose and Ouray County riders will pay the same fees.

### **DISCUSSION:**

In November, the Board expressed interest in having the level of subsidy for out of SMART District riders inform their decision regarding potential fare increases and the fare that will be charged to Montrose and Ridgway riders when that route commences. Currently the riders from Norwood pay \$2.00 per trip and riders from Nucla/Naturita pay \$3.00.

### SUPPORTING INFORMATION:

Fare Subsidy Report, December 2024

### FISCAL IMPACT:

Fiscal impact will be based on the Board's decision regarding potential fare increases on out of district routes.

### **ADVANTAGES:**

Fares have not been raised on the Norwood Route since 2008.

### **DISADVANTAGES:**

There is always some risk of losing ridership when an agency increases fares.

### ANALYSIS/RECOMMENDATION:

Fare Subsidy Report, December 2024

### Fare Subsidy Report, December 2024

December 5<sup>th</sup>, 2024

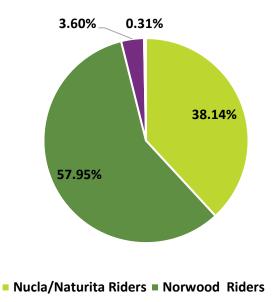

This report is the result of the request by the SMART Board to supply information regarding the level at which SMART currently subsidizes transportation to the East End of San Miguel County from out of district communities. It includes information about subsidy percentages should the Board decide to raise rates.

SMART currently operates a bus to and from Nucla, Monday through Friday. It serves Nucla, Naturita and Redvale in Montrose County as well as Norwood, which is out of district and Placerville and other Down Valley communities that are within the SMART District. It stops at the Lawson Hill Park and Ride and occasionally picks up riders going into Telluride from there. In 2023, excluding the use of Telluride Express vehicles but including fuel and the hourly cost of the contract, the annual cost of Nucla Route was \$106,538. The total fare recovery was \$18,759.

SMART operates a morning and evening Norwood route Monday through Friday that serves commuters and students that work traditional 8:00 – 5:00 hours and attend Telluride schools. This bus also picks up Down Valley Riders. SMART also operates a midday route and a late route Monday through Friday to and from Norwood. These two routes stop at the Lawson Hill Park and Ride, Two Rivers and Placerville, so they effectively function as complete Down Valley services in addition to serving Norwood. Again, excluding the use of TEX vehicles and including fuel and the cost of the contract, the total cost of this combination of routes in 2023 was \$183,177. The fare box recovery was \$26,681.

Because the Nucla and Norwood buses serve all of the communities along Highway 145 to get an accurate idea of the subsidy provided by the SMART district residents, I looked at ridership records from 2023 to determine what percent of riders on each route got on the bus from each community. This matters if it is the Board's desire to base fares on the idea of providing varying degrees of subsidy based on rider location. The following are graphs that show the percent of riders that get on the bus from Montrose County, San Miguel County beyond the district boundary and San Miguel County within the SMART district.

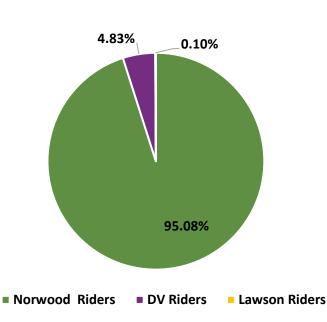

Lawson Hill Riders

Down Valley Riders

### Norwood Route Percent of Riders by Location

The following is a table that illustrates the levels of taxpayer subsidies for each route. These numbers are calculated based on excluding the Down Valley and Lawson Hill riders that were on the bus. The estimated numbers for 2024 and 2025 are based on the following assumptions:

- o The percentage of ridership on the Nucla/Naturita Route from Montrose County and the Norwood area will remain consistent with that of 2023.
- o The percentage of ridership on the Norwood Route from the Norwood area will remain consistent.
- o The proposed Montrose bus will be 60% full.
- o There will not be a difference in the price paid by out of County riders based on distance they travel. Montrose County riders and Ouray County riders will be subject to the same fees.

**Note:** The fee increase from \$2.00 to \$3.00 on the Norwood Route would represent a 50% increase in price per trip and the increase from \$3.00 to \$4.00 per trip on the Nucla/Naturita/Redvale trip would represent a 33.3% increase.

# Operation's Manager's Report, December 2024

December 5th, 2024

### Update on the Montrose Route

The Montrose City Council approved a Resolution Supporting the Operation of a San Miguel Authority for Regional Transportation Commuter Bus Route within the City Montrose. The signed copy is attached to this report.

I am arranging a meeting with Montrose Public Works staff to ensure that there is nothing on their end that needs to be done prior to commencing the route. We have tentative plans to meet with them on Tuesday, December 10<sup>th</sup>. Aside from preparing signage that will meet the City of Montrose requirements, we need to coordinate with the Studio Six marketing staff for public outreach.

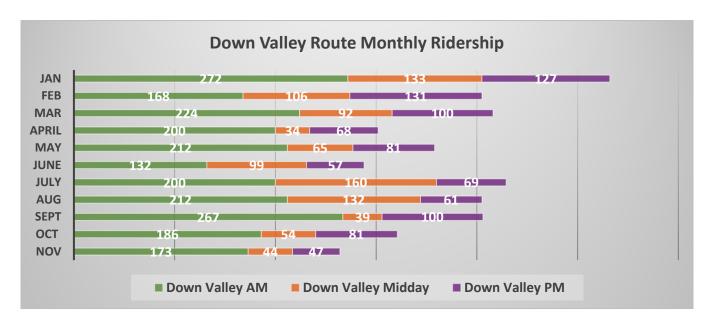

At this time, we will be using the North  $2^{nd}$  and Cascade stop. We have not yet been able to get an agreement with Target to use that location as a stop. We will continue to pursue that option.

#### Offseason

I have not finished going through the November performance details yet, but complaints were down to three from four last offseason. All three complaints this offseason were about drivers not seeing people at flag stops. There were also fewer early departures. The more consistent service was due to having more drivers return. I will have more detailed information on performance when I have had a chance to go through the November data.

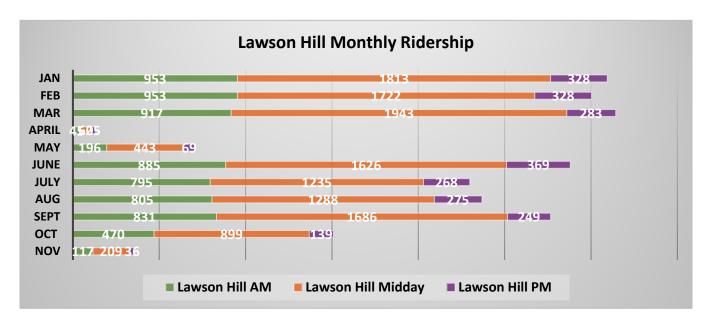

### Ridership

The following graphs illustrate ridership on each route at each time from January through November.

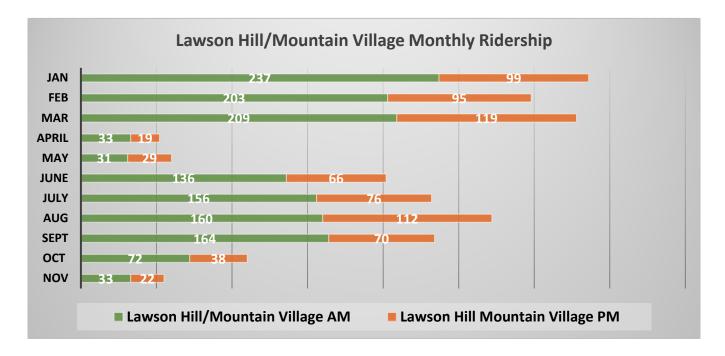

### Down Valley Monthly Ridership

Most Down Valley riders use this service in the morning. January, March and July were the busiest months on this route. Lower ridership in April and November reflects our seasonal economy. There are also school vacations in April and November. Total ridership on the Down Valley Route from January to November was 4,126.

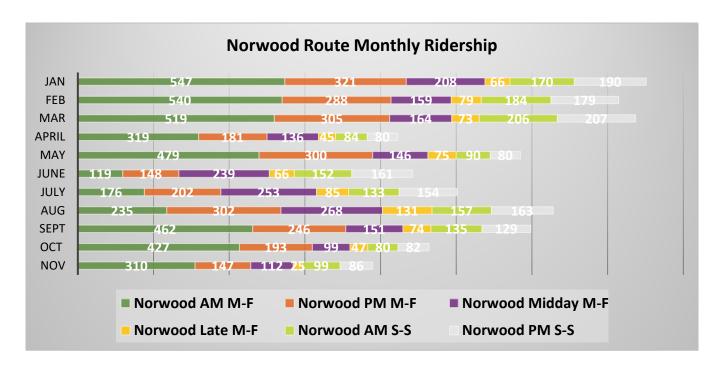

### Lawson Hill Monthly Ridership

The Lawson Hill AM service begins at 6:25 AM and ends at 11:20 AM. The midday service lasts from 2:25 PM until 8:25 PM. The evening service starts at 8:25 PM and ends at 10:40 PM. During those times, the buses run every 45 minutes. Spring Offseason typically starts the first Monday in April and runs through the Wednesday prior to Memorial Day. The Fall Offseason typically starts the third Monday in October and ends the Thursday before Thanksgiving. The Offseason Route replaces the Lawson Hill Route during that time. Summer typically has fewer riders. People ride bikes to work and school is not in session. Camping at Lawson Hill during Bluegrass boosts the June ridership even though the Bluegrass Festival also provides transportation. Total ridership on the Lawson Hill Route from January to November is 22,260.

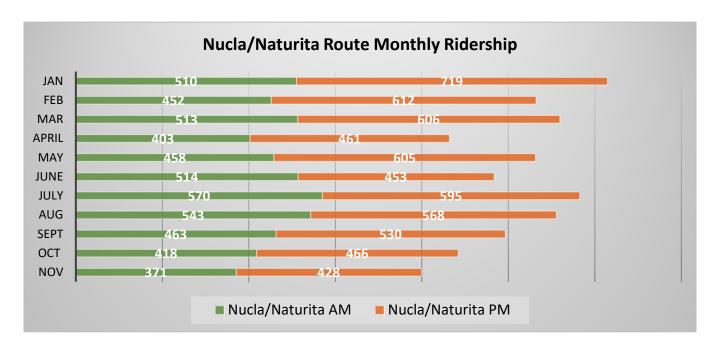

### Lawson Hill/Mountain Village Monthly Ridership

Ridership on this route is stronger in the winter due to parking fees in the Mountain Village in the winter. This service is also replaced by the Offseason Route during the shoulder seasons. Ridership is stronger in the mornings. Total ridership on the Lawson Hill/Mountain Village Route from January to November was 2,179.

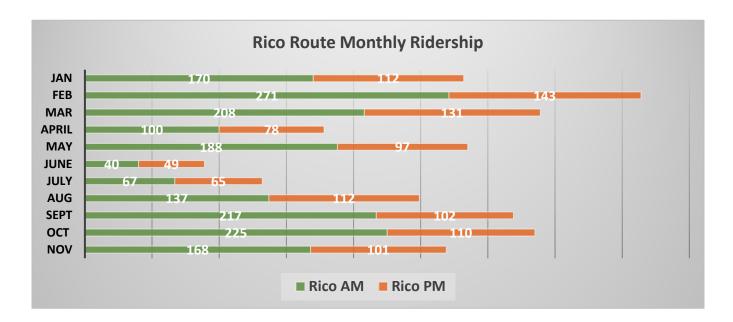

### **Norwood Monthly Ridership**

Norwood Ridership is typically stronger in the winter. Like on the Down Valley Route, ridership falls off during April and November when students have vacations and some workers take a break. The CDOT Fare Free program does contribute somewhat to ridership in July and August, but not as much as school being in session. Total ridership on the Norwood Route from January to November was 12,468.

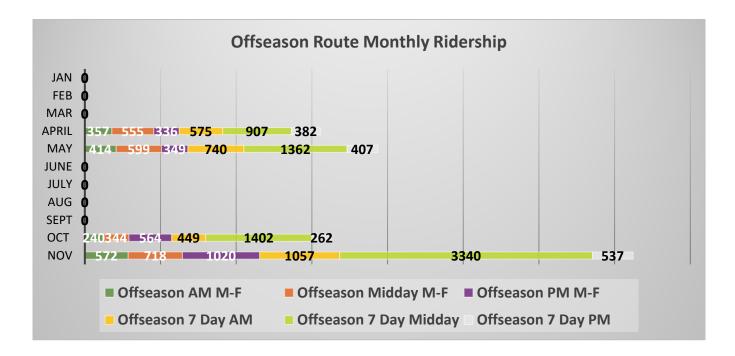

### Nucla/Naturita Monthly Ridership

Like Norwood, ridership on this route is stronger in the winter. The Fare Free July and August appears to have made more of a difference on this route than the Norwood and Down Valley Routes. The AM Nucla/Naturita Route is not impacted by student ridership. The 8:25 AM Telluride arrival is too late for the school start. Total ridership on the Nucla/Naturita Route from January to November was 11,258.

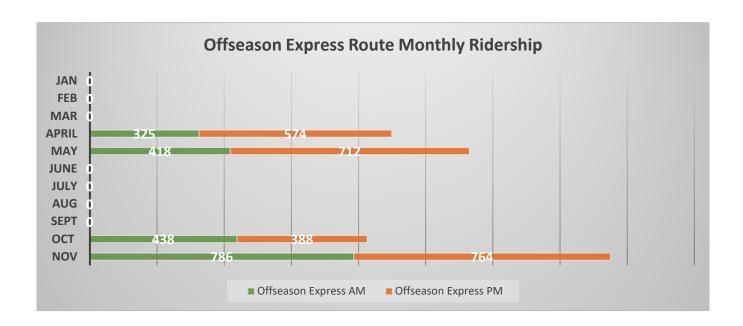

### Rico Monthly Ridership

The Rico Route is heavily influenced by student ridership so June, July, April and November have lower ridership. We expect ridership to and from Rico to increase now that we are no longer charging for routes that are located within the SMART District. Total ridership on the Rico Route from January to November is 3,160.

### Offseason Monthly Ridership

The Offseason Route replaces not only the Gondola, but also the Lawson Hill and Lawson Hill/Mountain Village Routes. November sees the strongest ridership. Many ski area employees start work before the ski area actually opens. The Offseason also lasts longer in November than it does in October. Total ridership on the Offseason Route from January to November was 17,488.

### Offseason Express Route Ridership

The Offseason Express Route runs directly between Telluride and the Mountain Village. This ridership is more reflective of commuters from Telluride to the Mountain Village Center and back. This route operates for fewer hours than the Offseason Route, but there are also more commuters in the Meadows and Lawson Hill areas. Total ridership on the Down Valley from January to November was 4,405.

### **RESOLUTION NO. 2024-23**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTROSE, COLORADO, SUPPORTING THE OPERATION OF A SAN MIGUEL AUTHORITY FOR REGIONAL TRANSPORATION COMMUTER BUS ROUTE WITHIN THE CITY OF MONTROSE

**WHEREAS,** the City of Montrose, Colorado ("City") is a home rule municipality and political subdivision of the State of Colorado ("State") organized and existing under a home rule charter ("Charter") pursuant to Article XX of the Constitution of the State; and
